Bluebell paradise

Set a short walk from the sea on North Devon's heritage coast, Hartland Abbey is the historic 12th-century family home of the Stucley family.

The abbey's bluebells stretch from the walled garden all the way to the sea. You'll not only enjoy the delights of the old house, but you can wander the grounds and beautifully managed gardens, and then experience a glorious circular walk from the abbey to the gazebo and down to the beach and rocky cove. The sea and cliffs here are spectacular.

Hartland's bluebells are legendary, so don't miss them. Dogs are welcome.

You'll be spoilt for choice with drinks, too. Choose from drinks from all over the globe including

cluding the fragrant Futsuu sake from Japan, or a refreshing Tiger beer from Singapore.

Let's Go! family entertainment

This exciting new Barnstaple complex has great entertainment for all the family.

Lets Go! offers you something unique – indoor all-year-round skating on Britain's first eco-friendly rink. It gives skaters a realistic 'ice-like' experience without the downsides associated with real ice, such as the usual cold and damp, or wet knees. There are disco skating nights and lessons.

Ten pin bowling is a firm family favourite and the perfect fun activity for all ages. Let's Go! has fully computerised lanes, bumpers and ramps, so that everyone can play, including young children.

The Let's Go! gaming arcade has the best arcade machines in the business. Here you can blast away with your friends on arcade games that have life size guns and devastatingly realistic steering wheels.

After bowling or skating, you can retire to the Sky Sports Bar and enjoy a game of pool, or watch a match on one of the latest HD wide screens. And to make it a perfect day out for you and the children, enjoy a family meal in the Burger King restaurant.

Lundy's Island's calling

Lundy is a magic island lying about 22 miles off the coast of North Devon. A spectacular granite outcrop, three and a half miles long and half a mile wide, Lundy is a place apart, peaceful and unspoilt. Stand on its lofty cliffs and look out to sea and there's nothing between you and America.

Why not enjoy a day trip to Lundy? There are regular sailings from both Bideford and Ilfracombe. You'll travel on the MS Oldenburg. A graceful motor vessel, fast and comfortable, she's built on traditional lines. The sea voyage takes just over two hours and feels like a true adventure.

There are many reasons for visiting this beautiful island. You can relax and enjoy its unique peace and tranquillity. You can enjoy a meal or a drink in Lundy's own inn, the Marisco tavern. If you're a birdwatcher you'll be in heaven – there are peregrines stooping and sea birds of all kinds flying around the lofty cliff faces. If you're feeling energetic you can go walking or climbing.
